RESIDENCE 7 WINDOWS AND DOORS | GRAINED WHITE ● GRAINED WHITE

My RESIDENCE

Case Study

A traditional home calls for a classic colour choice - Grained White was the perfect fit. The easiest way to create the look of painted timber without the hassle of maintenance.

Grained White complements both the red brick and wood clad of the home to maintain its character. The garden room was updated in the same style allowing plenty of light in through the large, matching French doors.

Internally the homeowners opted for Grained White also, giving a fresh, versatile palette for them to make their mark with interior decor.

A square glazing bead gives the windows and doors a slight modern edge.

Grained White - the ideal choice for this home.
